

how to

# COMMISSION

# LEMONN

1.

## HAVE YOUR IDEA IN MIND

Make a detailed document or some sort of description of what you'd like to see. If you don't do that I'll take more time figuring things out and prices may change!

Before contacting me be sure to have your idea in mind. Unless the idea is to give me creative freedom, which is also fine! Then you can DM me.

2.

## GIVE US SOME BOOTY

Giving artists VISUAL references can be a game changer on how fast your piece will be done! Also, do not forget to tell me what your preferences are when it comes to NSFW art!

4.

## DON'T BE SHY!

I also have preferences of what I like to draw. If you want to talk to me about it to feel more comfortable, be my guest! I won't mind embarrassing myself.

6.

## DON'T BE SHY 2.0

I won't be accepting nothing less than 50% before I start your piece and 50% before I start finishing it.

- That being, painting, rendering or shading!

8.

## ENJOY!

7.

## PAYMENT UPFRONT!

This is for your enjoyment only! Be mindful of that! I hope you have fun working with me as well!!
